**I. TraCS Update Iowa SDK**

- A. The overall feedback on the SDK Training is positive with additional detailed information to be provided in report format by Paul Mann by September 3<sup>rd</sup>.
- B. For clarification - the TraCS Software does not provided a solution for the development of the proposed NM Distribution Server.
- C. Donna Hibner reported that TraCS has the capabilities needed to create an electronic crash report. The potential for the success of an electronic crash report pilot is high because of limited downstream information distribution

**II. STREOC Update**
